

SK Sale, Robin Bellerby GM3ZYE

Sale on 12th Sept 2020 CANCELLED because of Covid 19 Restrictions

We welcome bids as per the accompanying email, please read this **FULLY**. Bids should be received by **23:59 on Friday 18th September 2020**.

Most of the proceeds of this sale will go to Richard, Robin's son. The club will get 10%.

We are unaware of any equipment that can be classified as WORKING (apart from one rotator that was tried last October), hence most items are described as UNKNOWN. However, most equipment is probably in working order but we have no time to test each item, especially with Covid 19 restrictions.

BIDS (B): the highest bid will win. The price next to the B item is the reserve price.

OFFERS (O): reasonable offers please, expected in the range £5 to £150 depending on item. There is no reserve price but the highest bid will be accepted.

FREEBIES (F): Under the new arrangements these will only be available to successful bidders when items are collected – SORRY about that. Rummage through the assorted boxes and take away items. If you feel you want to offer a donation it is welcome

Goods can be removed when paid for, collection will be subject to a strict timetable - see email. Successful bidders will be informed of further details

At the end of the sale all remaining valuable items will be stored elsewhere for a later sale. Some minor items may be put in a skip for disposal.

All items are offered on a **AS IS BASIS**.

ITEM DESCRIPTION Make, Model No, Function	STATUS Working, Unknown, Scrap, etc	DISPOSAL Offers (O) Free (F) Bid (B)
Palstar AT Auto Tuner 1500W	Unknown	B (£100)
